# INA WINTRICH SCHOLARSHIP

---

**Ina Wintrich**, a long-serving Institute Director, retired in 2014 after a distinguished 23-year career with Bob Ramsey Executive Education. She is credited with establishing many of the center's strong partnerships within the community, including programs for fire service and police command personnel, municipal clerks, tribal governments, and others. Throughout her career, Ina was known for bringing people together and helping them achieve greater success in their professions and lives. Her legacy continues to inspire those who serve our communities.

In recognition of her lifelong commitment to education and professional development, one Academy applicant each year may be selected to receive the Ina Wintrich Scholarship, a full scholarship awarded to an individual who demonstrates excellence in the clerk's profession and active participation in the Arizona Municipal Clerks' Association.

All eligible applicants who complete the [year] Scholarship Application and meet the stated requirements will automatically be considered for the Ina Wintrich Scholarship—no separate application is necessary.

This award honors an applicant's involvement in the association, the quality of their scholarship application, and their dedication to continued learning and professional growth.
